INSULATED PUFFER PARKA

MAXIMUM WARMTH. UNMATCHED PROTECTION.

When the temperature drops, JD Healthcare Pro™ **Puffer Parkas** deliver the insulation and coverage healthcare professionals can depend on.

Designed for extreme cold, long shifts outdoors and high-altitude healthcare environments.

EXTREME WARMTH
High-loft insulation locks in heat while remaining lightweight and breathable.

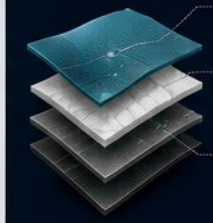

WATER & WIND PROTECTION
Water-repellent shell and wind blocking technology keep you protected in harsh conditions.

FULL-LENGTH COVERAGE
Three length options to deliver the right level of warmth and professional coverage.

PRACTICAL & FUNCTIONAL
Deep pockets, secure zips and inner storage for essentials you need on the move.

BUILT TO ENDURE
Reinforced stitching, premium zips and durable fabrics for long-lasting performance.

OUR INSULATION TECHNOLOGY

OUTER SHELL
Water-repellent, wind-resistant and durable.

INSULATION LAYER
High-loft synthetic fill traps warmth and provides superior thermal efficiency.

LINING LAYER
Smooth taffeta lining for easy wear and comfort.

- Retains body heat even in extreme cold
- Lightweight with maximum insulation
- Breathable for all-day comfort
- Easy care & machine washable
- Designed for long shifts outdoors

DESIGNED FOR LONG SHIFTS. BUILT FOR REAL-WORLD CARE.

FOCUS INDOORS
Stay warm and comfortable in clinics, labs and admin spaces.

MOVE FREELY
Lightweight warmth that supports movement and long hours.

ALWAYS PREPARED
Functional pockets and storage for essentials you need.

OUTDOOR RESPONSE
Reliable protection in emergency and mobile healthcare.

EXTREME CONDITIONS
Maximum insulation for cold weather and high-altitude areas.
