FROM WORK TO LIFE

JD Lifestyle Pro is the ninth JD collection: premium spring/summer wear for professional life beyond work.

THE LIFESTYLE COLLECTION

Four product pillars: Signature; Sport & Hobbies; Adventure & Travel; Accessories. Ladies and gents considered across applicable styles.

SIGNATURE POLOS

Plain: discreet JD three-dot. Trimmed: contrast collar, placket and sleeve. Sublimation: compatible performance-fabric styles only.

SUMMER BOMBERS

Lightweight bomber concepts in plain and contrast-trim finishes. Sublimated panels only after fabric and construction trials.

EXECUTIVE OVERSHIRTS

Layering overshirts for social occasions and travel. Front/back styling and ladies/gents fits require physical sample sign-off.

LADIES LIFESTYLE

Co-ord separates, shirt dresses and smart casual fits. Validate grading, movement, comfort and seasonal fabric performance.

GOLF COLLECTION

Golf polos, caps, visors, skorts and shorts. Custom club colorways and embroidered identity; performance claims need testing.

RACKET SPORTS

Racket-sport tops, shorts and skorts. Activity-specific movement, breathability and trim placement require wearer trials.

CYCLING COLLECTION

Cycling jerseys can use full sublimation on compatible textiles. Technical bib shorts require specialist development.

RUNNING & WALKING

Running/walking shirts, shorts and caps. Consider team/club editions and event customization, subject to tested materials.

OUTDOOR HOBBIES

Fishing and hiking shirts, utility trousers and sun hats. Do not claim UPF or water resistance without testing.

ADVENTURE & TRAVEL

Packable layers, travel overshirts and bags. Confirm fabric weight, zipper quality, seam strength and packing method.
